School Bus Driver Mert Spins Yarn

EDITOR'S NOTE—Maybe you are tired, a bit jaded with the workaday world, its tediums and perhaps its hardships. If you are, we recommend the following column detailing the experiences of Mert Waite, driver of the Sierra Madre School bus. It'll give you a giggle, a guffaw, rolling laughter, a wonderful slant at juvenile America, and lift your spirits into the realms of joy and things worthwhile. We recommend it highly.

By Mert Waite (Bus Driver)
As Told to Millie Solury

THE FLASHING red light on the back of a school bus signals "STOP" because of precious cargo. This cargo of squealing, laughing, squirming children provides me with a joyride five days a week. I am the only adult witness to a mass volume of children's humor and personalities. As the "Lady Bus Driver" I have great pleasure with the citizens of our schools from the ages of five to ten.

My first day, on my own, after my capable teacher left me properly licensed, but shaky, a perky second grader shocked me out of my "counting heads" session by saying, "Say, isn't your husband going to help you any more?"

Quick explanations on my part to repeat again that the man in question was the owner of the bus and NOT my husband, only fell on closed ears. He snapped back, "Well, he had to tell you how to do everything!"

BECAUSE of rain one day, my son took a place in the bus line to catch a ride home. A young passenger, seeing he was new in line, tapped him on the shoulder and said, "You won't like this lady bus driver—she's crabby!"

My son replied, "Yahhh, I know. Shes' my MOM!"

Busy counting moving heads one trip, I had the unexpected humor of a bored commuter say, "Geezz, what a grouch!" I had softly asked three times for my charges to please move to the back of the bus. My morale was trimmed because it was the same lips that only a short time ago had whispered in my ear, "I thing you're cute!"

THE EXCITEMENT of a new baby in a home is a personal experience, but an older brother insisted on giving me all the detailed news of the entire procedure. As he got off the bus he kindly remarked, "Next time my MOM gets a baby, I'll have her pick you out one!"

Without asking any questions I am kept informed on all absences and the progress and nature of all childhood diseases. When one bright scholar returned to school after the usual symptoms became definite red spots, he yelled, "My Dad told me I had a backward sick-in-ness. My nose ran, I changed color and my feet smelled!"

OPENING UNUSUAL and special hand decorated boxes of all sizes and shapes on Christmas morn, reassured me of the thoughtfulness and generosity of children. Love can be wrapped, scotch-taped or tied to reveal anything from pink soap, gay hankies to bright colored shoe laces. The special thrill of a bouquet of mustard weed blossoms and spring branches held tight by little hands is another pleasure as a high pitched voice yells, "FOR YOU!"

An unusual sight of a twinkled face of one of my youngest cherubs in a crying seizure is one I won't forget soon. No amount of patient coaxing would console her and she refused to set one foot in the bus.

After a hurried conference with her mother I found the solution to the problem. She had been told the lady driver was too busy to hug! I opened my arms to gather a sobbing child who gave me the biggest bear hug of my life. No cold war can be carried on with my little people.

COUNCIL VOTES NEW BUSINESS STREET IN DOWNTOWN AREA

Permits \$271,450

New Apt. Will Cost \$130,000

Building permits in Sierra Madre for February totaled \$271,450, compared to \$171,803 for the corresponding month in 1959. This represents a healthy gain of \$105,647.

Foremost was the permit to Eugene R. Baird for a two-story, frame and stucco, garden-type apartments at 585 W. Sierra Madre Blvd. (N. Sunnyside and Sierra Madre), the cost to approximate \$130,000, according to Mr. Baird.

The Baird apartments, which constitute reconstruction and enlarging of the building already on the 100 by 240-foot plot, and on which work has already been started, will be of 12 new units, in addition to the four already functioning. Garages will be available for 18 cars.

MR. BAIRD says the new apartments should be ready for occupancy in seven months. The project is being financed through the Prudential Insurance Co.

The month's building permits included eight single dwellings, two duplexes and the 12-unit multiple being constructed by Mr. Baird.

High Reservoir's Seams Tested by X-Rays, Not Water

It used to be that when large steel tanks such as the Sierra Madre high-level reservoir were given initial tests water was used. What more logical?

But not so any more. Instead of using gallons upon gallons of water, much of it wasted, they now test the seams via X-rays. Man and boy, science sure is wonderful!

City Administrator Lawrence C. Bevington revealed this at Tuesday night's City Council meeting.

Pvt. Roderic Schmidt Ends Army Course

Pvt. Roderic W. Schmidt Jr., whose parents live at 411 N. Sunnyside, Sierra Madre, has completed the eight-week basic Army administrative course at Fort Ord.

Schmidt entered the Army last October.

MRS. ALFRED JAMES DEWEY, widow of the late famed Sierra Madre artist, views painting by her husband being exhibited in the First Western Bank and Trust Company, while at right, Mrs. Dorothy Kennedy, bank employee and treasurer of the Sierra Madre Cemetery Committee, looks on. The painting, highly valued as are all of the Dewey works, will be given away in a drawing conducted for the benefit of the Cemetery Committee, representing the Veterans of Foreign Wars, engaged in the task of restoring the Sierra Madre Cemetery.

Painting by Dewey Given To Veterans

Generously and wholeheartedly, Mrs. Alfred James "Sally" Dewey, widow of the late nationally famed Sierra Madre artist, has given a beautiful landscape oil painting by her husband, valued at least at \$500, for the benefit of Harry L. Embree Post 3208, Veterans of Foreign Wars, and its Sierra Madre Cemetery project.

Tickets sponsored by Hartman Pharmacy and the Sierra Madre Hardware, Rudolph Hartman and Tom Schwartz, respectively, will be sold and the painting will be awarded at a drawing Saturday, Sept. 3, at the post rooms.

The painting, showing the Regal Eucalyptus, was painted near the Los Angeles arboretum near the Santa Anita race track. It is on exhibition in the corridors of the First Western Bank. There are eight oil paintings by Mr. Dewey hanging in the bank, purchased by the latter over the past few years.

FURTHER INFORMATION about the painting to be awarded may be obtained from Dorothy Kennedy, bank employee, and treasurer of the Sierra Madre Cemetery Fund, at the bank, or by contacting Dorothy Underwood at the Sierra Madre News, who is ticket chairman.

O.K.'s Suffolk Project Despite Opposition

Sierra Madre City Council played to a packed house Tuesday night and packed in four hours of almost constant activity, including a decision to go ahead with the Suffolk Ave. development, creating a new street between Sierra Madre Blvd. and Esperanza, with Hermosa and Baldwin its other boundaries.

The decision to create a special assessment district for this project, in the heart of the city's business district, was made despite energetic protests voiced for Carl and Sarah E. Hansen and Lola W. Rudbach by Atty. Noren Eaton.

Total costs of improving the 30-foot right-of-way with a 28-foot asphalt paved street was placed at \$52,302, of which the city would pay \$10,000, leaving \$42,302 to be shouldered by the adjoining property owners.

Two separate phases of the decision—the debt limit report to determine whether the construction plan is proper and the spread of assessment equitable—took over one and one-half hours to decide. Decision on the rezoning of certain properties fronting the proposed street from C-1 to R-3 was continued for 60 days. To finance the project the city will sell 10-year bonds at a maximum of 6 per cent interest.

HEARING on the North Michillinda St. improvement to decide whether the city can compel property owners to improve that portion of the street where it joins with Pasadena evoked another long, drawn-out hassle. Daniel Lane, owner of the principal tract in question, contended that he owns the property at stake and that it should not be used for widening the bottleneck without his being compensated. The city disputes his ownership.

Atty. Donald O'Dell, representing those for the improvement, cited the present flood and traffic hazards. He was joined by J. Wesley Hole, Howard Moore, Virgil Smith and others who favor the improvement. Smith cited an injury sustained by his daughter as a result of the bottleneck. Tract history dating back to 1881 and the old Hastings Ranch were brought into play.

Council decided to risk court action and go ahead with the widening.

MOVING of a house owned by Eugene R. Baird from 21 N. Sunnyside to the rear of 390 W. Sierra Madre Blvd. also produced another drawn-out discussion. The Planning Commission had denied permission, Baird's counsel, Atty. Thomas R. Suttner, presented detailed plans for improving the home after its removal.

Councilman Lawrence C. Bevington submitted the financial report of City Treasurer W. Murray Hawkins. This showed that the balance in the city treasury as of Feb. 1, this year, was \$432,055.03, and that \$305,000 of the city's money, not needed for current expenses, has been invested in interest-bearing bills of federation.

Politics in the Sierra Madre area took a decided swing activeward the past week, what with City Treasurer W. Murray Hawkins having stern opposition from Paul E. Landwehr at the April 12 Municipal Election, and with Mrs. Rudd Brown, Democrat, of La Canada, again tossing her hat into the 21st Congressional District ring against the Republican incumbent, Rep. Edgar W. Hiestand of Altadena.

Mrs. Brown has announced herself as a candidate for the Democratic congressional nomination at the June 7 primary.

OTHER political developments are:

1—John Weyl of La Canada, training chairman for the 48th Republican District, addressed precinct workers at a meeting in the home of Mrs. Robert Hall, 490 Michillinda. Weyl instructed the precinct captains on how to recruit workers, interest them, and on general organization of precinct work.

Toyon Rd. Owners Continue Battle Against Subdividing

BULLETIN
Amid applause from a large segment of the Toyon Rd. residents attending, City Council Tuesday night adopted a resolution proposed by Councilman Milton Emerson that a survey be made looking to the possibility of revising the city ordinance relating to subdivisions, particularly where there are heavy grades and possible flood damage involved. The Toyon Rd. situation is again before the Planning Commission on Thursday, March 17.

An Announcement

A NEWSPAPER, to be successful, must have news, readers and advertising. To best serve its readers and advertisers it must make a profit. One means of making this profit are sales of its newspapers on the newsstands or on the streets.

Practically all newspapers in the United States have in recent years advanced their prices to 10 cents a copy at the newsstands or from paper boys if bought singly. Throughout this period the Sierra Madre News has remained at 7 cents a copy.

Meanwhile, prices of labor and newsprint have advanced drastically, and as a result, the management of the Sierra Madre News feels justified in advancing the price of this newspaper to 10 cents a copy at all newsstands or if purchased singly from newsboys.

The Regular Subscription Price REMAINS AT \$3 A YEAR—no increase—and we invite the people to subscribe to the paper now containing more local news than ever before. The phone number is ELgin 5-3324. Better still, visit the News office at 9 Kersting Court—you'll be cordially welcomed.

Dick MacIntosh Is Victor In Sierra Madre Lions Club Speaking Contest

Peace in our world received a decided stimulus last Thursday night when the Sierra Madre Lions Club staged its chapter of the nationwide organization's 23rd Annual Student Speakers Contest, with the all-compelling topic of "People to People—Key to World Understanding."

The winner among the four contestants, three boys and

one girl, all high school students, was Dick MacIntosh, a junior at Muir High, Pasadena. The three runners-up were Joan Schwicker, senior at Muir; Jim Smith, senior at La Salle High School in Hastings Ranch, and Richard Jacobson, a junior at La Salle.

The Muir coach was Mrs. Overt Clinesmith while Brother Mel coaches the La Salle orators.

THE WINNER took as his theme the unfortunate death of John Gunther Jr., son of famed "Inside Russia" and other "Inside" books about many lands. Young Gunther, brilliant student of scientific bent, waged a desperate and futile four-year fight against illness, the meanwhile continuing cheerfully his optimistic outlook on life and hope for the future. Young MacIntosh exemplified this example of sheer courage as a theme for others in the world waging the battle for peace.

Jim Smith painted a graphic picture of missile firing at Cape Canaveral in Florida and asked pointedly what is the world going to do about the threat of "missile extinction." Miss Schwicker

repeated the theme of peace. The judges were David Wilmot, 6th grade teacher in the Sierra Madre schools; the Rev. Chilton C. McPheeters, pastor of the Sierra Madre Methodist Church, and Mrs. Edith Fish, past president of the Foothill Toastmistresses Club.

William M. Waite, president of the Lions Club, presided. Ray Rudolph and Roland Werden introduced the speakers and supervised an announcement of the winners.

Budget for Scouts

On Thursday evening, March 10, representatives from all the 357 churches, clubs, and other community organizations sponsoring Cub Packs, Scout Troops and Explorer Posts in the San Gabriel Valley Council, will meet at the Scouting Center in Pasadena to adopt a program and a budget for the year 1961, it was announced yesterday by President A. B. Halverson, who will preside at this meeting.

Sprinklers for the Sierra Mesa school grounds, to cost \$1,682, were authorized.

Several property owners on Toyon Rd., and other people in the city, were told that the plans for the proposed subdivision had been withdrawn and that the property was purchased by one family who would occupy the entire area.

"This seemed too good to be true and after a careful investigation by John A. Sielen this rumor was proved to be entirely false and that the proposed subdivider was going full speed ahead on his original project.

AS A CONSEQUENCE, the property owners and other interested voters in Sierra Madre have not let down, nor slowed down, but at present they are increasing in strength and number in order to combat this threat to the destruction of an unique area which has been provided by nature to protect the surrounding terrain from heavy flows of water, and also to act as a natural firebreak.

"The immediate property owners who are affected by this proposed subdivision, as well as all other voters in Sierra Madre, have complete confidence and trust in their chosen city representatives, hope they will reject any proposal which is not in conformance with the best interests of our community and will prove harmful to our citizens."

Hansen has the sermon "Healing the Sick" at 10 a.m. Sunday, March 13, at Shepherd of the Hills Lutheran Church, 33 E. Sierra Madre Blvd., Sierra Madre. The sermon is taken from the story of Jesus healing the daughter of a Canaanite woman after testing her faith.

"We can all learn a great lesson on faith from this Scripture," Pastor Hansen will say.

He returns today from a week's preaching at the Lutheran Evangelism Mission at Fresno. "We always see evidence of faith whenever Jesus performs a miracle, which reveals through Him the love God has for all mankind."

"Song of Praise" will be the choir anthem, with C. E. Markham of Arcadia directing, and Donald Chambers of Arcadia at the Organ.

THE WEDNESDAY Vespers continue March 16, at 8 p.m. with Pastor Hansen's meditation on "The Passion Cross" in his series on "The Crosses of Christ." He explained that the ends of the Passion Cross are cut to points, suggesting the sufferings of the Lord, and is sometimes called "The Cross of Suffering." The sermon is based on Christ praying in the garden of Gethsemane.

The mixed quartet from the choir, Mrs. Ruth Markham, Arcadia, soprano; Mrs. Barbara Boone, Arcadia, Alto; Rollo Pickford, Sierra Madre, tenor, and Ken Hilgaertner, Arcadia, bass, will sing "In the Cross of Christ."

Hostesses for the luncheon will be Mrs. Sol Baron and Mrs. David Splaver. A cordial welcome to attend is extended by the president to all members and their friends.

Christian Science Topic 'Substance'

Paul's statement in Hebrews (11:3) "... things which are seen were not made of things which do appear," is included in the explanation of the difference between the apparent as contrasted with the real, which is expounded in the lesson sermon on "Substance at each Christian Science service on Sunday."

The leading Bible citation of the sermon is taken from the Gospel of John, "In the beginning was the Word, and the Word was with God, and the Word was God. . . . All things were made by Him, and without Him was not any thing that was made." (1:1, 3).

Parent Education Series Starts at Nursery School

All interested persons are invited to attend a spring series of four parent education lectures sponsored by Pasadena City College set to begin next Thursday, March 17, at Sierra Madre Community Nursery School.

During Lent, the open Bible class conducted every Wednesday morning at 10:30 o'clock will be devoted to preparing the consciousness for a personal Easter experience.

'Separate Tables' By PCC Group

Theatergoers are seeing an unusual type of dramatic performance when they view Terence Rattigan's "Separate Tables," produced by the Pasadena City College Theatre Arts Association, playing through tomorrow night in the campus Little Theater.

The script is written in a different manner than the ordinary play, according to Annabel Cooney, director, for "Separate Tables" is composed of two long one-act plays telling different separate stories, yet using the same setting and same characters except for the leading parts in each playlet.

Market Basket Opens 3rd Store In S. B. County

Market Basket's third store in San Bernardino County opens today in Redlands. Company President Neal D. Ramsey announced this week, bringing the total of units in the chain to 43.

Celebrating their 30th anniversary this month, Market Basket began with one store in Pasadena in 1930, and has spread through Los Angeles, Riverside and San Bernardino Counties.

The Redlands Market Basket is a 32,000 square foot structure and is the first store of a shopping center to be developed later.

Other openings scheduled this year by the company include one about May 1 in Newport Beach. Construction is planned to begin within four months on stores in Palm Springs, Canoga Park, La Mirada, Redondo Beach, Long Beach and Burbank, plus extensive remodeling and addition to the Market Basket in El Soreno.

Auto Insurer Cuts Charges \$2,500,000

The nation's largest auto insurer will cut \$2,500,000 from its California policyholders' 1960 premium bill, it is announced.

Don Murrow, local agent for State Farm Mutual Automobile Insurance Company, said the savings will result from rate reductions for many motorists, pyramid discounts and a new driver classification plan.

More than one-half of State Farm's 640,000 policyholders in the state will qualify for lower rates, Murrow said. Although about 18 per cent will pay the same rates and about 28 per cent will pay higher rates, the net result will be an estimated \$2,500,000 reduction in State Farm's 1960 premium total in California.

Biggest rate cuts will go to motorists whose cars have no single male drivers under 25, who don't use their cars for business and who don't drive far to work. State Farm's second car discount of 25 per cent will be awarded on top of the 10 per cent compact car discount. Formally, either of the discounts but not both, were allowed.

The second car discount of 25 per cent which has been limited to the liability coverage, is being extended to the collision coverage. Murrow's office is at 55½ E. Foot-hill Arcadia.

Firearms Training Course on Mar. 22

A combined instructors firearms training course will be given at Rosemead High School cafeteria, 9063 E. Mission, Rosemead, beginning at 7 p.m. Tuesday, March 22.

Classes will be held on Tuesday and Thursday evenings. The course will cover such subjects as firearms, types, actions, handling, safety, ammunition, shooting positions, and hunting.

This course is for the purpose of training and rating those persons who are interested in becoming N.R.A. qualified instructors and California State Hunter Safety instructors.

Students and Business To Talk It Over

The third annual "Students and Business Talk It Over Day" will be held March 8 at the Huntington-Sheraton Hotel, Pasadena, from 8 a.m. to 5 p.m.

This is a one-day conference for the outstanding business and distributive education students in Los Angeles County High Schools and Junior Colleges. This conference will be attended by approximately 450 students, coordinators, administrators from the Los Angeles County Secondary Schools.

The high school and junior college students will have separate meetings and programs at this conference; they will, however, have lunch together.

This conference, organized through the efforts of Mrs. Dorothy Ford, consultant in business and distributive education, Los Angeles County Schools, working with the business education Teacher Planning Committee of the county, is jointly sponsored by the Sears-Roebuck Foundation and the county schools.

Other financial assistance is being given by the local office machine distributors, textbook and magazine publishers, and other business organizations.

KEYNOTE speakers include Dr. C. C. Carpenter, assistant superintendent, Los Angeles County Schools—for the High School Section; and David Hurford, assistant western director, Sears-Roebuck Foundation—for the Junior College Section.

Luncheon speaker will be Dr. John R. Van De Water, widely known in the field of industrial relations and labor management, a lawyer, and head of the executive programs and conferences at UCLA. His topic will be, "We Need a Lincoln."

Miss Libby Laley, former student of Culver City High School, who attended the conference two years ago, and who was selected from several contestants, will speak for the students.

Returns to Home Following Illness

"It's nice to be home," says Mrs. Essie Lorenzini of 53 N. Mountain Trail, after 42 days spent in the Sierra Madre Hospital, this including three surgeries. Following ten days and one surgery in January, Mrs. Lorenzini had to return to the hospital for 32 days more.

Her husband, Pio, and mother and father, Mr. and Mrs. L. O. Herren of Arcadia, are taking care of her.

eral denomination and bank time deposits. From 1958 until now these deposits have earned \$9,895.18 in interest. Treasurer Hawkins was commended for his handling of the city's money.

PATROLMAN D. G. Ben-scooter, with Police Chief Gordon G. McMillan, presented to Mayor W. Webster Vannier a copy of the Code of Ethics adopted by the City Employees Association. The code contains new provisions as to the fingerprinting of prospective city employees and a graduated vacation plan designed to provide more incentive for people joining city service.

The City of San Marino, in a communication, urged that all cities take action to hold down property taxes next year.

Council authorized acceptance of the Sunnyside and Victoria Lane pipe lines, approved purchase of 24 new water meters and ordered bills paid in the amount of \$46,449.28.

City Administrator Bevington was authorized to call for bids for repairs to Water Well No. 1. This work will entail expenditure exceeding \$2,500, so bids are necessary.

Councilman James Abernethy praised the Police Department for its work.

"A pat on the back now and then doesn't hurt our police," he commented.

2—The Sierra Madre Democratic Club canvassed the political situation at a meeting in the home of Mr. and Mrs. Kenneth Moyer, 46 N. Mountain Trail.

3—The regular meeting of the Sierra Madre Republican Club last night in the home of Mr. and Mrs. Claude Brown Jr., 49 West Orange Grove, was addressed by Howard Jarvis, new president of the Los Angeles County Republican Assembly. In the first of a series of discussions scheduled by Republicans here, Jarvis discussed the approach of the Republican Party to various problems, in foreign policy.

IT WAS Mrs. Brown who had Rep. Hiestand and his backers in a tizzy for hours after the last votes were counted on Nov. 5, 1958. In that election there was a mixup in figures and Mrs. Brown was at first reported the winner. Later, a mistake was discovered and Hiestand finally elected by 9,097 votes, 3.7 per cent of the 247,379 votes cast.

The 21st Congressional District is one of the largest in the nation, extending from Sierra Madre to the Ventura County line and into the San Fernando and Antelope Valleys.

Mrs. Brown will seek the endorsement of the 21st District Democratic Endorsing Committee at a meeting to be held Sunday in North Hollywood. She is a Democratic state committeewoman, member of the governor's committee on metropolitan problems and of the attorney general's committee on constitutional rights.

She is the wife of Dr. Harrison Brown, noted Caltech geochimist, and the granddaughter of William Jennings Bryan, "the Great Commoner," three-time Democratic candidate for president, and once secretary of state. Her mother was United States minister to Denmark in 1933.

TURNING to the Sierra Madre Municipal Election, friends of Treasurer Hawkins who is spending several months in Europe, are rallying to his support in the face of formidable opposition being marshalled by Landwehr. They point out that Treasurer Hawkins has served the city loyally through the years, that he has been painstakingly careful with the city's finances and that he has made the city's money make money. All this, they say, he has done for an exceedingly small salary and is deserving of reelection.

His supporters are forming a "Reelect Hawkins" organization to wage a determined fight for his reelection.

Landwehr, on the other hand, sets forth his views as follows:
"In my opinion, the manner in which the office of

Street Clean Schedule Is Readjusted

The Sierra Madre Public Works Department has announced plans to revise its present street sweeping schedule so as to coincide more closely with the present refuse collection schedule.

Public Works Supt. John P. Buzzini reports the revised plans will go into effect next Monday morning. The first few weeks may require minor rescheduling and replanning of the sweeping but generally the schedule will be as follows:

MONDAY—Rubbish collection Zone 5. All that area north of West Grand View between Michillinda and Baldwin.

WEDNESDAY—Rubbish collection Zones 1 and 2. This includes all that area south from West Sierra Madre Blvd., between Michillinda and Baldwin, and all that area east of Baldwin between East Grand View and East Orange Grove.

THURSDAY—Rubbish collection Zone 3. All that area between West Grand View and West Sierra Madre Blvd., between Michillinda and Baldwin.

Weeds and grass grow fast at this time of the year, the trees need trimming and spraying, and the veterans hope that sufficient assistance will be forthcoming to help them get things in shape for the Memorial Day services to be conducted in the cemetery.

city treasurer is now being conducted is not in the best interests of the citizens and taxpayers of this city.

"The incumbent in this elective position was appointed on June 10, 1958, and has been neglecting his duties by delegating his authority to other persons.

"My opponent is presently on a foreign tour and conveniently out of reach of taxpayers who may wish to question him in regard to city finances. I feel that the office of city treasurer merits attention which would reflect more personal responsibility rather than the 'rubber stamp' treatment which now prevails."

quick wit expressed by a child was told to me the day before Lincoln's Birthday Anniversary. A robust energetic 6-year-old had seen a study film of the life of Lincoln. Holding an impatient, twisting line behind him, he entered the bus and said, "MY Daddy fought in two wars, the Civil War and the World War!"

I looked into eyes the color of a coffee bean and said, "Oh—I think you mean the Korean War instead of the Civil War."

"OH! NO, I DON'T," the little one said.

"Your Daddy isn't old enough to have been in the Civil War," I explained.

The young lad stood on his tiptoes to make himself taller in my presence and yelled in my face, "Yes, he is! He is 22 now!"

Joy and laughter are two well known passengers on my bus.

California Ford Sales Prove Tops

More persons in California bought Ford passenger cars in 1959 than any other make, and Ford dealers sold more cars and trucks combined than any other dealer body marking the second time in the past three years that Ford led the industry, according to final and complete registration figures released by R.L. Polk and Company, the automobile industry's statistic gathering agency.

Registration figures show that in California Ford attained a passenger car lead of 12,857 over its nearest competitor and a lead of 11,050 vehicles when cars and trucks are combined.

Nationally, Ford outsold all other makes of passenger cars with a lead of 52,375 over its nearest competitor and 38,876 more cars and trucks combined. Ford thus won by a greater margin than in 1957, when the leads

S.M. Third Grade Class Lockheed Airport Guests

Mrs. Dorothy Baird's third grade class at Sierra Mesa School recently visited Lockheed Airport. They were the guests of George T. Fleming, father of Tom, member of the class.

Mr. Fleming took the class for a ride in the Sears plane of which he is a pilot. He taxied around the airfield. Then the children visited a hangar where other private

planes were being remodelled or repaired.

This was the first trip to an airport for many of the children, the first time in a plane for most, and an exciting time for all.

This trip, made by school bus, was in connection with the study of transportation in the Metropolitan Area, a center of interest in the third grade curriculum.

EDWARD SHUTMAN, principal of Don Benito School, explains the operation and uses of a portable hydro-electric dam and water treatment kit to 6th grade students, from left, Steve Snaure, Sandra Scott and Jerry Blackman, while their teacher, Jarratt Brunson, looks on.

Don Benito Observes Conservation Week

Conservation Week, as decreed by the Governor of California, was recently observed throughout the Pasadena City School system, with the Pasadena Chapter on Conservation, representing members of all local conservation groups, assisting in the local community effort to further educate our children in this program.

At Don Benito School, under the supervision of school conservation committee members, Jeanne Comerford and Ken Hutchinson, particular emphasis was placed upon student activities through the creation of attractive bulletin board displays, class discussions of conservation, writing of creative stories, poems and songs and the planning and creating of display posters.

Sixth-grade students have conducted graphic experiments for all the grade levels through the use of a portable hydro-electric dam and water treatment kit comparable to commercial installations operating in the nearby areas. Similar kits have been furnished to all schools in the Pasadena school system from funds supplied under the National Defense Education Act and by the Pasadena Board of Education.

Just because it's Saint Patrick's Day is no sign I have to say one word about it. I can ignore it if I please and not a soul can say a word to me. Just for that, I won't ignore it. I'll wish all you Irish a happy patron Saint's day and many of them.

I don't know of any heritage that seems to evoke more pride than that of being Irish, unless perhaps it is being a Texan. And then when you find an Irish Texan—zounds!

I'm German myself, so I'll say in addition to my cheery little Irish greetings, happy first day of spring, which of course will be this Sunday. No matter what the weather may be, the calendar says it's spring, and the crocuses are supposed to be up.

DANA FRICKE, daughter of Mr. and Mrs. John Fricke of Barhite, had a big birthday celebration last weekend to herald her 12th anniversary. The decorations of course were in the St. Pat's theme. The guests danced and played games during the evening while consuming a constant supply of refreshments.

The group included John Saurenman, Jerry Acker, Bob Anderson, Lee Harris, Duncan Smith, Steve Dorsey, Wally Clearman, George Anthor, Jeff Valentine, Ronnie Fox, Bert Stephens, Roy

Switzer, Philip Beinhauer, Ronnie Martin, Bill Brae, Ronnie Bathews, Wendy Grover, Laurel Horn, Kathy Stoller, Nancy Goldsworthy, Kit Armstrong, Janet Price, Doreen Ong, Andre Phelps, Jean Gardiner, Judy Phelps, Susan Warnick, Nancy Frazier, Nadie Taylor, Kathy McKonage, Jennifer Lackey and Linda Welsh.

MR. AND MRS. George Wenger of Sierra Madre Villa had a dinner and theater party last week as a sort of preliminary house warming for a few of their friends. The guests were Mr. and Mrs. Fritz Carmen, Mr. and Mrs. Melvin Havelin, Mr. and Mrs. William Reordan and Dr. and Mrs. Chester McCloskey. After cocktails and dinner the group went in to town to see "The Pleasure of His Company."

MR. AND MRS. Arturo Gutierrez of Fairpoint entertained Mr. and Mrs. Harold Levenson and Dr. and Mrs. L. J. Rozenkranz at a small dinner last week.

MRS. LINCOLN WILSON of Old House Rd. is getting into the good old Irish theme today with a luncheon and bridge party for some of her friends and neighbors. The tables will all be decorated in "That" theme, and knowing Mrs. Wilson, she will

include the final discussion of a series of Parent Education meetings. "Practical Approaches to Excellence—Guidance as They Grow" is the subject with Dr. Sybil Richardson as moderator and panel participants Mmes. John Comerford, Joseph Tampico and Messrs. Harry Halstead and Richard Jones.

THE PTA is sponsoring a rag drive and collection at the school scheduled for Friday, March 25. Room mothers will be stationed at all entrances of the school to collect the rags.

Before the drive, all children at Don Benito will be issued a paper bag for accumulating the clean rags. Parents and friends are urgently requested to help in this project for adding funds to the Don Benito PTA budget.

DON BENITO PTA will be represented at the special observance of Health Week at a luncheon at the Biltmore Bowl, March 23 by Mmes Stuart Zuck, legislative chairman, and William Power, health and nutrition chairman.

Guest speaker will be Dr. Andie Knudson of University of California at Berkeley. A film, "The Narcotics Story," will be shown followed by a panel discussion on the same subject.

have more than one surprise to delight her guests.

Those in attendance will be Mesdames Joseph Philipson, John Chapman, George Holmes, O. Kenneth Fuller, Eugene Koch, Charles Goldsworthy, James Smart, Ted Grace, John Norcott, Hamilton Styron, Robert Mueller, Ira Lackey, Edwin Pyle, Aikman Armstrong and myself.

ANOTHER delayed birth announcement from this area. Dr. and Mrs. John Evans became parents for the fourth time on Jan. 19, 1960. They had a little 6-pound, 12-ounce baby daughter and have named her Victoria Louise. Their other children are David, 10; Mitchel, 5, and Kimmerly Anne, 2.

DR. AND MRS. J. G. Allin of Meyer Loa Lane are home after a chilling, yes I said chilling, weekend at Palm Springs. They went down to soak up a little desert sun with Dr. and Mrs. James Peterson. (I heard it was sunny and smog free in Spain!)

MR. AND MRS. John Galbraith of Hartwood Point had Mr. and Mrs. Clarence Stanley over last week for an informal dinner. Last weekend Mr. Galbraith took off for Lake Mojave for a few days of fishing with Mr. Wayne Crist.

Presidents To Provide Scholarships

Past presidents of the Women's Council at Assumption of the Blessed Virgin Mary Catholic Church met last week in the home of Mrs. Gerald Ferracane, 3620 Cartwright, for luncheon.

At this time, the ladies decided to organize a Past Presidents' Club which would have as its project, providing two scholarships each year, one for a girl and one for a boy, out of the graduating classes at Assumption Parochial School.

Father Timothy Crean and Mother Mary Martin, school principal, will assist in setting up the regulations whereby a child might qualify for the scholarships which would assist them through high school.

Those past presidents to take part in the program, which will make its first scholarship award June, 1961, are Mrs. David Pearson, Mrs. Charles Brinton, Mrs. Robert Gingrich, Mrs. John Wiles, Mrs. William Weigel, Mrs. Lorayne Kitchens, Mrs. Charles Klingerman and Mrs. Ferracane.

Boat and Ski Club Plans Dinner Meeting Friday

Pasadena Boat and Ski Club is having its first monthly dinner on March 18 in North Woods Inn, Arcadia, at 7 o'clock.

The monthly dinner program, at various interesting restaurants in the San Gabriel Valley, is just one of the club's activities.

Regular meetings are held the first Wednesday of each month at La Casitas del Arroyo in Pasadena. For further information call Commodore Stan Anderson at SYcamore 4-7700.

Recently members and guests met at the San Diego Zoo to enjoy the many exhibits and a picnic lunch in the park.

Several of the members trailed their boats to San Diego and enjoyed cruising the harbor on Saturday, spending the night at Shelter Island Inn.

Mrs. Harding To Be Hostess To Garden Club

Mrs. Kenneth Kraska will discuss floral arrangements and demonstrate effective methods of designing them at the March meeting of the Hastings Ranch Garden Club at 12:30 p.m. Tuesday at the home of Mrs. Vern Harding, 3780 Ranch Top.

Mrs. Walter Stange will be co-hostess for the dessert hour to open the afternoon. A short business meeting also will be held.

UP ON . . .

Hastings Hill

Hastings Ranch is due to lose one of its most popular families this spring—Dood and Jack Baker, Johnny and David. The Bakers, who have lived on Landfair for about 10 years, will desert us for Mexico City, where Jack is being transferred by his firm.

But the move will not be permanent and the Bakers are keeping their house here, so we can expect them back in a few years.

Dolores Zinsmeyer, who lives across the street from the Bakers, asked more than a score of Dood's friends over the other day for a luncheon and bridge. A brightly decorated cake bid her "hasta la vista."

HARRY AND ELEANOR Masser, who moved from their Canfield Rd. home to Club Dr. right after Christmas, send word that they now have a girl in their family. Maria Menette Masser arrived Feb. 18, joining Kevin and Todd.

WE'LL SEE you today at the St. Patrick's Day bridge and canasta party at Sierra Madre Woman's Club, an annual just-for-fun party of Eugene Field PTA. Child care has been set for 50 cents a child, so the baby sitter problem will not keep anybody away.

THOSE OF you who have not registered to vote in the June 7 primary are reminded April 14 is the deadline. For your convenience, Chris Larsen, 1270 Daveric, and Christine Templar, 1220 Tropical, are deputy registrars. In the eyes of some, the way you vote decides whether you're a saint or sinner, but not to vote at all is the worst transgression of all.

LAST THURSDAY, Edna A. Alton, 1265 Rexford, was among those honored at the annual luncheon and presentation of gold 25-year service pins by Los Angeles County. The party was held at Descanso Gardens and the presentations made by the supervisors.

Mrs. Alton was a member of the staff at Pasadena County Office of Bureau of Public Assistance when she retired the end of last January. At that time, she was honored at a dinner party at Rancho Hillcrest which was attended by her co-workers and county officials. She was presented with a gold watch at the party.

Mrs. Alton, an officer in the County Employees Association, has done social work out of the Glendale office and General Hospital as well as in Pasadena.

THE CLUTTERBUCKS have as their house guests, relatives Mr. and Mrs. Al Griefenberg of Detroit, where he has been associated with the Ford Motor Co. for over 35

Las Jardineras Will Meet At Calmer Home

Mrs. John Calmer, 3605 Shadow Grove, will be hostess to members of Las Jardineras at 12:30 p.m. Tuesday, when this home and garden club will discuss "Care and Use of Indoor Tropical Plants."

Mr. C. Hartzagel of A. A. Schnierow Nurseries will be the guest speaker.

Mrs. Ray Lindman, Mrs. John McGraw and Mrs. Bernard Bower will be co-hostesses.

Can the Dodgers Hold On To Diamond Diadem Which They Grabbed Last Season?

By Hank Jacobs

Written Especially for the Sierra Madre News
In one way, it's like a cut of the cards when the caloused loser said:

"Okay, partner, I'll see you once more."
To which the winner replied: "What for? The jackpot's mine fair and square ain't it?"

And the answer: "Yes, but now let's find out if you get to keep it."

The Los Angeles Dodgers ached the Chicago White Sox out of the world baseball championship five months ago. But that was not for once and all, only for 1959. Presently, with another April soon upon us, the White Sox and 15 other major league ensembles are

boning up for a fresh shake.

MAYBE the Dodgers can hold onto the diamond diadem in 1960 and maybe not. Seven months must pass before the final answer. Right now, the Dodgers are as busy as the next bunch priming for the new campaign. They opened the training season competitive schedule at their Vero Beach, Fla., proving ground against the American League's Kansas City Athletics.

On Sunday, the two clubs clashed again at West Palm Beach, where the A's take their "last raps."

These two skirmishes touch off a 27-game slate that except for just three open dates will provide daily battle for Manager Walt Alston's men until the National League pennant race begins April 12, when they will meet the Chicago Cubs in Los Angeles Memorial Coliseum.

TWELVE of the 16 big tent troupes are flexing their flippers currently in Florida. And, as any California horsehide fan is well aware, the NL San Francisco Giants and Cubs and AL Cleveland Indians and Boston Red Sox are working out in Arizona.

The Giants launched their citrus drive Saturday, going to Tucson for a tussle with the Injuns, and on Sunday it was in reverse as the two squads clashed in Phoenix.

Monday was an open date for Manager Bill Rigney's crew, but Tuesday they were "at home" in Phoenix to the Red Sox, bivouacked at nearby Scottsdale, and on Wednesday to the Cubs, who are encamped at Mesa.

The Dodgers stock up as a pat-hand bidder to repeat their storybook 1959 conquest. Two notable absentees corps, Charley Dressen, the Bel-Air bantam, shows up as new manager of the '59 playoff runner-up Milwaukee are those of the coaching Braves, while Reese seeks to orbit in airplanes announcing. Replacing this pair are erstwhile Brooklyn Dodger slugger "Pistol Pete" Reiser and popular Bobby Bragan, himself a veteran in the replacement department here and there in baseball.

ON THE OTHER hand, when the Dodgers collided with Kansas City, the A's were featuring an almost entirely new cast, leading off with Bob Elliott as manager succeeding Harry Craft, and Walker Cooper and Fat Freddie Fitzsimmons as the coaches. In the lineup are four players who wore New York Yankees flannel last year—outfielders Norm Siebern and Hank Bauer, first sacker Marv Throneberry, and pitcher Don (Perfect Game) Larsen.

Against Washington, the Dodgers will buck power hitters like Harmon Killebrew, who shared '59 AL home run honors with Cleveland's Rocky Colavito, each with 42; Jim Lemon, who socked 33 four-masters; Bob Allison, chosen as the AL rookie of the year, and Roy Sievers.

In crossing bats with Detroit, they'll be hobnobbing with '59 AL individual swat champion Harvey Kuhn (353), and AL No. 2 belter, AL Kaline (327). And what stout form is that at first for Tigers skipper Jimmy Dykes but auld acquaintance Steve Bilko's?

Los Dodgers, as in '59, expect titeward roadblocks in the perennially contending Braves and rival Giants, and as well in the Redlegs. While fortifying their pitching in adding Cal McLish, a 19-game winner with Cleveland, Cincinnati may turn up with even more punching power than they evidently lost in the deal that sent Johnny

Farmer McCabe Takes Own Poll

The poll takers are in their heyday now—almost daily one can see "The Poll Popularity" on just about every major candidate who daydreams of occupying the White House. I even tried a poll myself and sent out 60 blanks asking, "Who would you vote for as President?" The results were not what you would call gratifying because out of the 60 sent out I got 25 back, and they went like this: F.D.R.—8; Harry Truman—5; Hedda Hopper—6; Al Jarvis—3; Sen. Symington—2, and Maude Toops—1... who-ever she is.

Assails Hot-Dog Anglers, Open Party Boat Fishing

By Al Miyadi

I tip my topper to Tom Payne and company for taking eight-pound barracuda on one-pound or two-pound (or whatever thread they use) test line . . . But I wish these "hot-dog" anglers would confine their cowboy and Indian boats . . . The landings ought to limit the action to six-pound test line . . . Anybody who wants to play games with less than that weight should be advised to charter their own boat.

CHUM LINES

Russ Izor, of Norm's Landing, is player-manager. Officially he's Hagen's general manager but he also skips his charter boat, the New Longfin.

Bait situation has been rough all over. Saturday, for example, harbor boats had to settle for minor size anchovies. If you fish Paradise Cove, you'd better check before leaving to make sure they've got live bait. Two weeks ago they shipped some from San Pedro.

Pierpoint's far-ranging Hurricane, piloted by Cookie Cook, gave Santa Barbara Island a whirl Saturday, plugged in with mostly bottom fish and bonito. Earlier in the week, Cook reported

sitting atop a solid acre of yellowtail off Rocky Point but that fish disinterested. Lake Irvine opens March 26 . . . Sherwood Lake on the 19th.

Game wardens report Salton Sea only fair, say best fishing will occur next month. Check for winds before leaving.

HALIBUT RUN

Santa Monica and Malibu boats hitting some fine halibut action, mostly around Big Rock, about four miles northwest of the breakwater. Santa Monica Landing checked in with 162 in five days, an excellent score in view of the halibut limit of two per angler. Tom Rea says most of the fish were in the five to six-pound class . . . a 26-pounder was checked in by Edwin Sobel of WLA.

SAN FELIPE

Winds wiped out most of the action last fortnight, but

totuava are expected shortly. They've already left Puertocito and the commercials recently hit them north of San Felipe. Strangely enough, anglers returning from San Felipe report Sierra mackerel in the bay, which, if true, is good news. Normally, the Sierra doesn't move in until late spring. In any case, you won't find a more scrappy fish nor a better eating one.

Sierras run to eight pounds, silver sides speckled with orange, a more slender silhouette than the common Pacific mackerel, carries more teeth than a barracuda. Although occasionally taken on bait, the Sierra is more easily provoked when trolling a feather.

Edison Stock Earnings Up

Common stock earnings of \$3.80 a share, up ten cents from the preceding year, are announced in Southern California Edison Company's Annual Stockholders Report for 1959, which was released recently. Report shows Edison had 9,512,200 shares of common stock outstanding at the end of 1959, as compared with 8,905,809 shares at the close of the preceding year.

Board Chairman Harold

Thursday, March 17, 1960

SIERRA MADRE NEWS-3

Quinton said that Edison's net income for the year was \$43,394,886, an increase of \$3,389,479 over 1959. Gross revenue increased \$25,520,680 to \$281,763,942. Consolidated net income of the company, with its subsidiary, was \$43,629,613, equivalent to \$3.82

per share, as compared with \$40,346,940, or \$3.74 per share, in 1958. Record highs were reached in the number of customers served, kilowatt hour sales and electrical demand, as well as taxes paid by the company, he disclosed.

An Announcement

A NEWSPAPER, to be successful, must have news, readers and advertising. To best serve its readers and advertisers it must make a profit. One means of making this profit are sales of its newspapers on the newsstands or on the streets.

Practically all newspapers in the United States have in recent years advanced their prices to 10 cents a copy at the newsstands or from paper boys if bought singly. Throughout this period the Sierra Madre News has remained at 7 cents a copy.

Meanwhile, prices of labor and newsprint have advanced drastically, and as a result, the management of the Sierra Madre News feels justified in advancing the price of this newspaper to 10 cents a copy at all newsstands or if purchased singly from newsboys.

The Regular Subscription Price REMAINS AT \$3 A YEAR—no increase—and we invite the people to subscribe to the paper now containing more local news than ever before. The phone number is ELgin 5-3324. Better still, visit the News office at 9 Kersting Court—you'll be cordially welcomed.

The Pasadena Recreation Department announces women of the community will have an opportunity to learn badminton this spring. An instructional series of eight lessons will be conducted at Pasadena City College (Women's Gym) with the first lesson scheduled for Monday evening, March 28, from 7:30 to 9:30 o'clock.

Patrons are asked to furnish their own racquets. Birdies will be furnished by the department. Instructor for the series will be Mrs. Jean Mawhinney, physical education teacher, who is now conducting special activities for the department.

Daydreams of Suburbia . .

Cocktail Research Uncovers Phantom Idols of Hastings

By John DuBois

As has been stated before by this observer, Hastings Ranch represents the utopia of suburbia. We are the child-ridden, two-car, add-a-room, do-it-yourself families, all rolled up in wall-to-wall togetherness—just now discovering Black Russians, MG's and Shelley Berman.

But the crust of our suburbia is only three Martinis thick. When you bore down to the four-plus strata and research the hobgoblin of inner suburbia, an intriguing world opens like an oyster. And therein you'll glean pearls of what-makes-Hastings-go.

My most recent research was sort of a family-room Kinsey report on the Daydreams of the Suburban Housewife. It was undertaken at cocktail parties, bridge parties, dances, gather-arounds—always with the aid of loudmouth at the above mentioned 4M-plus level.

THE RESULT of this research was a cataloging of male types that housewives daydream about. Some are remnants of old flames, some television and movie stars, some political or sports figures, all matinee idols of the between-meals period.

First type in my catalog of male idols is "The Gray-Man." He represents her lost love and the man she hoped would—but never quite did—get around to enticing her with forbidden fruit. He is on the shady side of 50 with a charming reputation. He could be a Boyer, Pidgeon, even a Chevalier with a bittersweet kind of sex appeal that spans the years with devastating durability.

Then there is "The Heavy." Housewives with masochistic tendencies, who flourish with personal abuse and mistake brutality for masculinity, have an inexplicable mid-afternoon yearning for this type. Picture Cagney grinding grapefruit in a sweet innocent face or Peter Lorre pushing an old lady into the rip-tide and you get the picture-personified in films as a gangster, badlands' bandit, a rapist.

COMES NEXT the secret inspiration of women with an intellectual itch. He's "The Literary Lion." In my catalog he is an alluring quarry to Hastingsphiles who identify themselves as long-suffering heroines of the Madame Bovary and Lady Brett variety. In the fantasy of her dream-stuff he could be Hemingway stalking big game and smelling of death in the afternoon. He's a glorious symbol of virility.

"The Injustice-Collector" has a dozen plays, all unwritten. He's moody, arty, sensitive. He drinks. He is neurotic. His wife doesn't understand him. He is suburbia's Miniver Chevie, who arouses and deludes the sympathetic female who understands his great talent and who one day will be his salvation. There he is—clinging to her womanliness as she gently strokes his mixed-up head.

Where Your Income Tax Dollars Go

For the curious taxpayers who will send their annual donations to Uncle Sam by April 15, the Sierra Madre Chamber of Commerce has devised a table to tell them where their money goes.

The table is dubbed an "exercise in arithmetic" and is guaranteed to take the taxpayer's mind off his troubles for at least three minutes—which is three minutes longer than any other known device short of sleeping pills.

FOR EACH \$100 of income taxes you pay, the breakdown of the table is as follows:

For national security, \$57.09.

For international affairs (aid programs, etc.), \$2.81.

For Veterans services and benefits, \$6.85.

For labor and welfare including education and research, \$5.73.

For agriculture, (stabilization of farm prices, etc.), \$7.05.

For natural resources, \$2.43.

For commerce and housing (including civil defense), \$3.40.

For general government, \$2.39.

Interest on the national debt, \$12.00.

For contingencies, \$2.25.

It all adds up to \$100.

So that's where your money goes.

Happy April 15.

lished an estimated competitive lead of 96,000 vehicles through February.

The standard Ford car was the sales pacesetter, Wright said, accounting for 68 per cent of the 535,000 retail deliveries.

Ford's 1960 Sales Are Up

DEARBORN, MICH.—There are nearly 100,000 more 1960 model Ford cars on the road than any other 1960 make, a Ford Division official said yesterday in announcing that retail sales, through February, total almost 535,000 units.

J. O. Wright, Ford Motor Company vice president and Ford Division general manager, said this sales mark represents a 5 per cent, or 27,000-unit, increase over the 1959 models.

The division figures, which include Ford, Falcon and Thunderbird, show that Ford dealers, since model introduction last fall, have established

Republican Women's Club At Arcadia Hears Speech By Area President Jarvis

The Arcadia Republican Women's Club met at 10:30 o'clock today at Eaton's Santa Anita Restaurant, 1150 W. Colorado Blvd., Arcadia.

Howard Jarvis, newly-elected president of Republican Associates, spoke. This was a return engagement by popu-

lar request for Mr. Jarvis, who addressed the club one year ago. He filled the members with such enthusiasm that they were anxious to hear him again.

Versed as he is on party politics he is qualified to speak on the subject. In his address on "The Political Situation in Sacramento Today," the members heard an interpretation of the Brown-Chessman time bomb, the narcotics issue Governor Edmund G. Brown seems trying to avoid, and effort to again eliminate capital punishment which was so soundly defeated last year for the eighth time, and again this year, and other timely topics.

President Mrs. Edward A. Heiss conducted the business meeting.

MRS. EDWARD F. STOUT, legislative chairman, and Mrs. Robert Adickes, new education chairman, have teamed up in the education field. From now on they will keep the members posted on the latest "know-how" from the "College of Republican Knowledge."

Mrs. Olwen Covell, chairman, met with her ways and means committee last week. Included were Mrs. Larry Bourquin, Mrs. William W. Farrar, Mrs. Hale Warn and Mrs. Elroy W. Travis. Among projects they are promoting are the hat auction, rummage sale, popular jewelry shows and others.

Mrs. Richard Nestler, Americanism chairman, reports that more than five dozen 50-star flags have been sold in the past month. The price is \$4, including bracket and pole. They may be purchased either from Mrs. Nestler or at Republican Headquarters, 292 E. Foothill Blvd. The public is welcome to purchase these flags.

DEADLINE for registration for the primary election is April 14. A registrant is at Republican Headquarters every afternoon, or a registrant can be contacted at home for evening or week-end registrations.

A special Nixon Club Dinner meeting will be held at Eaton's, Tuesday, March 22. The speaker will be Knox Manning. Make reservations with Mrs. M. Braun.

Please make luncheon reservations with Mrs. C. O. Porter, HI. 7-5418, or Mrs. Charles B. Hank Jr., EL. 5-1715.

Club Hears Talk On Prescriptions

"Prescriptions for Tomorrow," a discourse on pharmaceuticals, especially in connection with the new drugs, was subject of Allan Van Cott of the Smith, Kline and French Laboratories, Los Angeles, speaking at the Tuesday Kiwanis Club meeting in Woman's Clubhouse. Dave Kirkpatrick of the Hartman Rexall Pharmacy was the program chairman.

Knocking the other fellow is a poor way to boost your stock.

Sierra Madre to Take Part In Clean-up, Paint-up and Fix-up Week April 11 to 16

Sierra Madre will take part in the nationwide "Clean-up, Paint-up, Fix-up Week," scheduled for April 11-16. Almost every city of any size in the country will participate.

The observance here, under auspices of the Sierra Madre Chamber of Commerce, has been alerted by the following proclamation issued by Mayor W. Webster Vannier:

"In asking the cooperation of every citizen, I remind you that this is the time to take stock of our community appearance. If everyone—homeowner, retailer, professional and businessman—put forth an all-out effort, our community will retain and increase its reputation as a progressive city, one that is safe, beautiful and a healthy place in which to live."

MAYOR VANNIER added that the aims of the campaign aid everyone—preven-

tion of fires, safeguarding health, promotion of safety, building the ideals of good citizenship and improvement of property.

"We have many unsightly spots that can stand cleaning or painting," comments Tom Schwartz, "and also there are homes which could stand painting or repairing. All of this makes for a better city and improves real estate values. Our city administrator, Lawrence C. port, and Fire Chief Brown will cooperate in every way possible."

C. OF C. PRESIDENT John H. Curtis has appointed a special committee of Peggy Lusman, Tom Schwartz, Don Jackson, John C. McKibben Bevington, pledges his support and Ralph Hurwit to work with C. of C. Secretary Tony Cavalli in promoting the week.

"Every citizen should cooperate in every way possible," remarks President Curtis.

RAND'S ROUND-UP

Think About That Lawn . . .

Rotary Tiller Beneficial In Preparing Your Ground

The time has come, as the walrus said, to speak of many things. And among them if you garden in California, is the subject of lawns. Are you or aren't you going to plant a new one? For if you are, the time has come to think of it.

Yes, we know it's a bit early to plant a lawn, but not too early to prepare for planting it. Members of the California Association of Nurserymen suggest some pre-planting steps that are essential to success with new lawns.

First, do it the easy way and rent a rotary tiller to turn the soil. It may cost a bit more than turning it with a spade, but we guarantee you'll make up for it in time saved.

Tilling is probably the most important step in preparing a seed bed. It is during this step that compacted soil can be improved with addition of soil conditioners and manure. The C.A.N. feels no amount of manure is too much at this point. Let your pocketbook be your guide.

After adding what you plan to add, go over the area again with the rotary tiller, working the new material into the soil. Chemical fertilizer, if you are going to add it, should be raked in

City Employees Group Has New Vacation Program

The Sierra Madre City Employees Association has formulated a vacation program for consideration by the City Council and City Administrator Lawrence C. Bevington and which is designed to make more attractive service with the municipality.

According to Patrolman D. G. Benscoter, who recently presented a Code of Ethics approved by the association, to City Council, the vacation program follows:

Every city employee would receive an additional day's vacation after three years of service; two additional days after five years of service; three additional days after ten years of service, and five days after 15 years of service.

"Such a vacation schedule would certainly make city service more inviting," comments Patrolman Benscoter, "especially just now when the conditions of employment in other branches of business are more attractive."

ure is the one and only thing you really have to worry about. Meet the need and the seed will take care of the rest.

High School Has Russian Courses

This semester, Monrovia-Duarte Evening High School is offering two courses in the Russian language. The beginner course is held Wednesday evening 7-9 o'clock in Room 1, Social Science Building at Monrovia-Duarte.

High School. The intermediate group meets on Monday, 7-10 p.m., in the same classroom. On Tuesday evening, 7-9, a class in Russian History is taught by the same instructor as the Russian language classes, Joseph Umans.

By C. A. Dean, M.D.

MEDICATORIAL: Skiing is becoming more and more popular and for good reason too. Unfortunately along with more skiing come more skiing accidents.

This year there will be about four million skiers in the United States and many in Canada. The numbers of injuries resulting from skiing may reach 300,000. With this striking number of injuries expected, all skiers should be aware of the hazards of the sport.

A recreational skier may travel as fast as 30 miles an hour. Speeds of 45 miles an hour and even higher are possible for professionals. The faster you go, as on the highway, the more serious the injury in event of accident. Inexperience and poor physical condition are major factors contributing to skiing accidents.

The sites of the injuries are either the ankle or the knee in the majority of the cases. A bone just above and attaching to the ankle, known as the fibula, is often subject to breaks. Severe sprains or actual tearing of ligaments frequently occur. These can be more serious than a broken bone and may require application of a cast.

(Q) What is rheumatoid arthritis? Is there a cure for it?

Mrs. D.

(A) Rheumatoid arthritis is a common type of arthritis, but the cause is unknown. Crippling can occur in severe cases for those untreated. There are no available medicines which can cure rheumatoid arthritis although there are many forms of treatment to relieve symptoms and prevent crippling. Some cases seem to improve spontaneously.

Instruct Women On Personality

Monrovia-Duarte Evening High School is offering a course to women which has been of especial benefit and interest. Personality Development is taught by Mrs. Gloria Richardson on Wednesday morning, 9:30-12, at Adult Center 1, 150 E. Colorado Blvd., Monrovia.

Mrs. Richardson, the instructor, being the wife of a practicing physician, places certain emphasis on physical well-being and health as well as mental-emotional health. Many phases of grooming and personality are developed.

Men who never had to face failure seldom appreciate success.

University of Texas Gets Stone Poetry Collection

The poetry collection of Mrs. Remington Stone of 321 E. Grand View, who writes under the name of Idella Purnell, has been acquired by the University of Texas at Austin, capital of Texas, it was announced this week.

Properly designated as the "Idella Purnell Palms Collection," named for the poetry magazine which she founded in 1923, it will have a designated location in the university library.

In the summer of 1923, Miss Purnell lived with her father in Guadalajara, Mexico, and in order to continue her activities which she found most rewarding at the University of California and where she studied verse with Witter Bynner, she decided to found a magazine of po-

etry which proved most successful.

THE OUTCOME was the little magazine "Palms" which continued publication for six years. In all Miss Purnell edited some 42 issues of "Palms" which contained works by Bynner, James Gould Cozzens, Robinson Jeffers, Vachel Lindsay, I. A. G. Strong, Genevieve Taggard, Louis Untermeyer, John Crowe Ransome and many other writers.

One unique value of the collection remains in the files of correspondents which together with manuscripts, exchange magazines and books. The correspondence carried on during her editorship with contributors, other editors and business associates presents an unusually complete account of the founding and editing of a small magazine of decided distinction, especially with some of the leading literary figures of the times.

Altogether the collection contains about 2,500 letters and manuscripts, including sufficient unexplored material to stimulate several research projects.

Jewish Welfare Drive to Start

Max Goldman and Joseph Kaufman, associate chairmen of the Greater San Gabriel division of the United Jewish Welfare Fund campaign, announced a breakfast meeting at 9:30 o'clock Sunday, March 20, at Eaton's Santa Anita Restaurant, Arcadia, to inaugurate the drive.

Mrs. Barbara Lawrence, of Ann Arbor, Mich., noted United Jewish Appeal leader, will address the group on needs of the 169 local, national and overseas services and agencies supported by UJWF.

The Greater San Gabriel division includes Sierra Madre, Arcadia, Garvey, El Monte, Duarte, Monrovia, Rosemead, San Gabriel and Temple City.

Help Sought for Greek Orphans Guild Hospital

Time is limited for persons wishing to adopt Greek orphans whose placement in American homes is being sought by Mrs. H. H. Pampeyan of 1296 N. Allen Ave., Altadena.

Mrs. Pampeyan asks that prospective foster parents phone her immediately at SYcamore 4-8054. Four girls and four boys await adoption. They include two 12-year-old girls, and sisters, 8 and 7 years old, plus two 9-year-old boys and 8 and 5-year-old boys.

Through a missionary friend, Mrs. Pampeyan has placed 18 orphans from Greece with American families in the past two years.

\$1,000 for Red Cross, More Needed
The need for the Sierra Madre Red Cross Chapter to meet its quota of \$7,427 in the present fund campaign is emphasized by the new chapter chairman, Mrs. R. Randolph Wood, in the statement that "the need to meet our quota this month is most

urgent." So far, some \$1,000 has been pledged, Mrs. Wood says.

"Many people wonder how their Red Cross contribution is spent. Since there are 149 volunteer workers in the country to every paid worker, the cost overhead is small, only one-eighth of all received being spent for administration."

"Mrs. T. Adelaide Miller, our local executive secretary and only paid worker, estimates that half of her time and local expenses is taken up by social service work, so probably only 7 or 8 percent of contributions can be charged to strictly administration matters. This social service work includes taking supplies and veterans to hospitals, consulting with applications for aid as requested, and many other details."

"OF COURSE it is impossible to place a money value on the saving of a drowning child through knowledge of Red Cross first aid, the replacement of a home destroyed in a fire, or the saving of a life because of Red Cross blood donations."

"Since the Red Cross thermometer is now in operation in the Kersting Triangle, we can all keep informed of the progress of our present campaign for funds."

"All workers are requested to try to have their work completed and kits turned in by the end of the month."

Also all Sierra Madreans their contributions are asked who have received a little to please try to get them blue envelopes for mailing in mailed by the same time."

VILLA VIEWS

By Toni Maurin
SY. 7-9634

I can tell spring is just around the corner. I have had an itch to get my house in order and take off in the wild blue yonder. Normally I am just a plain Jane, a home loving person who has no unusual desires to cut the ties. But come spring with all the travel ads in the magazines, I suddenly realize they are pointing their fingers at ME.

"I" can eat dinner in London; "I" can see the sun set on the Island of Hawaii; "I" can fish in the cold Alaskan waters; "I" can hunt big game in Africa. It has always been for someone else.

Somehow it got to me this year.

So far I haven't had much luck convincing anyone that I should go big game hunting. Right now I am almost ready to settle for a fast freeway trip to Los Angeles with dinner at a French restaurant. After all, a bird in the hand...

SPEAKING of traveling, Mr. and Mrs. Ben Rogers will host a going-away party this weekend for Mrs. Rogers' sister, Miss Madeline Schmitt, who is leaving on March 14 for Honolulu, Hawaii, where she will work at the Royal Hawaiian Hotel.

Among the guests at the

buffet will be Mr. and Mrs. Robert Starrett, Mr. and Mrs. Ralph Paquette, Dr. and Mrs. R. M. Rogers, Mrs. Helen Miller, Miss Helen Hulitz, Mr. and Mrs. Harold Brown, Mr. and Mrs. Don Starrett, Mr. and Mrs. Wilhelm Graf, Mr. and Mrs. Charles Michener, Mr. and Mrs. Fred Hoocher, Mr. and Mrs. Robert Schmitt, Mr. and Mrs. Richard Schmitt, Miss Ann Schmitt and Mrs. Madolin Schmitt.

I HAVE finally had an opportunity to talk to the new people on Barhite. They are Mr. and Mrs. Albert Grana at 3245 Barhite. They have been in their lovely new home for just a few months, but it means something special to them as they designed it themselves.

The Granas are both in the business world. Inasmuch as their two sons are married and living in Arcadia and El Monte, there is plenty of time for both work and hobbies. Mr. Grana is a journeyman traffic signal electrician for the city of Los Angeles and Mrs. Grana is in the clothing business. They both enjoy gardening and planting their yard over the weekends. Welcome to Barhite, Mr. and Mrs. Grana!

CHRISTINE CRANE, daughter of Mr. and Mrs. Henry Hitt Crane Jr., of Old House Road, had a seventh birthday anniversary party last Saturday afternoon that will remain the high spot of the season for the ice-cream group. The entertainment of the day was "Flippo," the clown, who kept the youngsters completely fascinated by games and making balloon animals for them.

The guests were Marks Sanders, Jeanie Philipson, Gretchen Garland, Bryan Sandberg, Gregg White, Debbie Maurin, Craig Elikor, David Major, Keith Topits, Don David, Joanne Jackson, Robert Stirett, Nancy Boardman, Lorraine Brannon, Pat Brown, Sandra Flanagan, Cheryl Gronzow, Cherie Hawkins, Teresa Miller, Sherry Olin, Kathy Ribbens, Lonny Thomas, Christine Vasquez, Pamela Ward and Patty Hurter.

MR. AND MRS. Edward S. Shanstrom are well settled now in their new home at 1833 Villa Rica. They were former residents of Windover Rd., but moved away for awhile until their home was built.

Mr. Shanstrom is on the sales force of the McFrouther Conradi Furniture Company of San Francisco. This offers many opportunities for Mrs. S. to go, too!

Over Valentine's Day their daughter, Ann, got into the true tradition of the day with the announcement of her engagement to Mr. Donald Marsh. They are planning a late summer wedding.

I'M BEGINNING to feel like Christopher Columbus. I discovered another street this week. It is called the Cricklewood Path and is in the Kinneloa area. The street was named by Mr. and Mrs. Roy Hoffman Jr., who occupy one of the two houses on the path. They spent their honeymoon in England and became quite attached to the name. Cricklewood is the home of the Austin Healeys, and naturally the Hoffmans have one here. They live in a lovely modern home they designed themselves, and are the parents of two children.

UP ON...

Hastings Hill

Everything moves so fast now there isn't enough time or space to spell out or say everything, so that initials will soon replace phrases, except in real emergency when there isn't time to figure out which initials to use.

We're long familiar with GOP, which somehow means gas heat in the winter. Sierra Madre Hardware has the new polish that requires only a "once a year" going over. I did my "spray job" two weeks ago and so far, "all" is bright and shiny.

School Children Visiting Library

All fourth and fifth graders at Sierra Mesa School are making monthly visits to the public library. Each child has a library card, which may be used also during vacations, and teachers report a widening interest in independent reading.

This is in addition to the library books owned by the Sierra Madre schools, of which there are approximately 2,000 divided among the thirty regular classrooms of the school district.

Guild To Hear About Africa Tour

How ten West African students and ten American youths worked together to improve the water system of an African village will be recounted for members of the Women's Guild of Trinity Presbyterian Church at their monthly luncheon at noon Tuesday in Fellowship Hall.

Donald H. Campbell, a graduate of Occidental College, will be the speaker, bringing up to date the story of his African tour after a talk earlier when he was preparing to leave.

Mr. Campbell was among 69 students making the pilot African Project goodwill tour to West Africa in 1958.

The Guild devotional will be given by Mrs. J. Howard Stoner, drawing from information she obtained from many foreign stations on a recent round-the-world trip.

Melissa Malig Celebrates Ninth Birthday

Melissa Malig, daughter of Mr. and Mrs. Fred J. Malig, 1215 Michillinda, celebrated her ninth birthday anniversary last Saturday at a theater party.

Since the guest of honor has been so interested and successful in the sport of swimming, the birthday cake and favors were carried out in this theme.

Taking part in the festivities were Priscilla Bacon, Barbara Thackery, Megan Bachtel, Sheila Nathan, Katie O'Donnell, Shannon Murphy, Donno Roberts and Lynne Miner.

Little League time is here again with registration for Hastings Ranch Little League set for Saturday in Hamilton Park, beginning at 9 a.m.

Those boys, between the ages of 9 through 12, who have never played in the local league, are reminded those eligible are boys born from Aug. 1, 1947, to July 31, 1951, and who live within the boundaries of west side of Michillinda; south from the mountains to the railroad tracks; west to the east side of Sierra Madre Villa; north to New York Dr.; and northwest to Eaton Canyon Wash to the mountains. Prospective members are asked to bring proof of their birth date.

The tryouts have been broken down so that 9-year-olds will come on March 19; 10-year-olds on March 26, and 11 and 12-year-olds on April 2. In case of rain, or if any boy misses his tryout, tryouts will be held

April 9 has been set aside for tryouts.

The three weeks of practice before the opening of league play, will begin on April 18 in Hamilton Park.

Opening day ceremonies will be May 7 in Hamilton Park with details announced at a later date.

THE OPENING games will begin in May with the Major League on May 9 at 6 p.m.; Minor League, May 10 at 6 p.m., and Farm League, May 14 at 10 a.m.

The Major League, consisting of six teams with 15 players each, will play Monday, Wednesday and Friday at 6 p.m. Teams will play two games a week with the All-Star Team being selected at the season's end participating in the Major League Playoff July 18.

The Farm League, consisting of four or more teams, will be formed into a league on April 16 at 10 a.m. at Hamilton Park. Holy Communion—a Noble Institution

The Holy Communion service is one of the most helpful the Church offers to all who partake of it. Among its helpful influences, to list a few, are:

It causes us to make a self appraisal, to search out all the thoughts and actions we indulge in that are harmful to ourselves and to others and to try to rid ourselves of these negative thoughts, traits and actions.

It encourages us, even when we may be plunged in deep despair or gloom, for it lifts us above our worries and troubles and inspires noble ambitions when entered in a truly seeking spirit.

It induces a spirit of humility which is of great worth to all, no matter what our achievements might be. It enables us to approach the Creator in a humble spirit, to put ourselves in close harmony with Him. Truly great men are men of humility and the greatest of all these instituted the Holy Communion after washing the feet of His followers.

With the hope that it will, in some measure, foster and help sustain that which is good in family and community life, this feature is sponsored by the business firms and organizations whose names appear in this space.

Players Plan Musical Show

Each year the Players of the Pasadena Junior League seek to fill the ever increasing responsibility toward the senior citizens of Pasadena area, by bringing to them some bright bit of entertainment.

Realizing the real need for diversion, and contact with younger generations and the outside world, has been the aim of this young group.

This year, under the guidance of Mrs. H. Raymond Hester, chairman, and Mrs. Dan Frost, co-chairman, they have produced an outstanding and moving musical show.

Based on the poem "I Hear America Singing," the group narrates, sings and dances a collection of sea chanteys, spirituals, songs of the Civil War and Reconstruction, bal-

lads of the badmen, cowboy songs and songs of World War I.

Dances will be under professional direction of Fenton Jones, well known square dance caller, and singers under direction of Miss Margaret Hougassian, choral director of John Marshall Junior High School.

The Players will give ten performances starting March 14 through March 25, and among those to whom they will troupe are: Monte Vista Home for the Aged, Acacia Inn, Grandmothers' Club, Citizens Friendship Club, Episcopal Home for the Aged, Pasadena Community Friendship Center and Vanguard Fellowship.

Invitations also have been extended to ten other groups of the Pasadena area.

Club Juniors Attend Beatnik Ball

Shakespeare Club Juniors met last Saturday night at the Flamingo Hotel in Arcadia for a "Beatnik Ball."

Planned by the sports committee, the party was "way out" with guests clad in beatnik attire. Worn-out tennis shoes, sweatshirts and bongo drums prevailed.

Unusual poster decorations, done by Mrs. Franklin Williams and William H. Huss Jr., gave the room a coffee house atmosphere.

Mrs. Fred E. Bell, party chairman, was assisted by Mrs. Edward P. Fleischer, Mrs. Thomas H. Horn Jr. and Mrs. David Wyman.

Wilson Parents Due to Attend Grade Sessions

Wilson Junior High parents should spend tonight or next Thursday night visiting their school, because grade level meetings for parents of ninth and 10th graders are set for tonight, and similar meetings for eighth grade parents for next week.

In addition, March 17 is PTA meeting night, when new officers will be elected. Both meetings will begin at 7:45 p.m.

FREELANCERS MEET AT DURNING HOME

Freelancers of Trinity Presbyterian Church will meet at 7:30 o'clock tomorrow night at the home of Mrs. Lola Durning, 710 W. Alegria. Mrs. Ella Carpenter will be co-hostess.

GOOD THINGS COME IN SMALL PACKAGES

Frequently people exclaim, "These pills are so small that I can't understand how they can do any good!" Few realize how potent modern drugs are or how little is needed to produce a significant effect. You know how small an ounce is and one gram is only 1/28th of an ounce. Most drug dosages are measured in milligrams or 1/1000 of a gram and many newer compounds are measured in micrograms or millionths of a gram. Base your judgment of a drug on benefits you receive, not on size or cost.

Increasing Toy Center Enrollment

Mrs. Jackie Hazelhurst, Toy Loan chairman, is putting special emphasis this month on increasing the enrollment at the Toy Loan center, which is sponsored and supported by the Community Chest and run by the Sierra Madre Civic Club.

A lending library of toys to teach children responsibility and respect for the property of others is the purpose of the Toy Loan center. The Toy Loan cottage in the city park is open 2 to 5 p.m. Tuesday and Thursday.

All children in the area from the ages of 2 to 12 are invited to borrow toys as they would borrow books from the library. After each toy is borrowed it is sanitized before going out again.

THE TOYRARIAN who is in charge, inspects the toys and each child is merited on the care taken of the toys and the promptness of return. Honor gifts are awarded for good records.

All the toys are donated through toy drives and renovating them provides work for the physically handicapped at the supply building of the Toy Loan centers in Los Angeles.

Red Cross Drive Bares Tasks Done

The \$7,427 fund campaign being waged by the Sierra Madre Chapter, American Red Cross, reveals that last year there were 84 cases of Red Cross Home Service assistance, many of which concerned hardships where food, clothing and bedding were provided.

These involved 13 active duty service personnel, 15 veterans and 56 civilians. In addition, 35 civilians and 14 veterans received counseling service covering personal and family problems.

Mrs. Robert Dodge has been in charge of the Sierra Madre chapter's social welfare activities, assisted mainly by Mrs. Helen Hutton and Mrs. Paul Burton. They have transported tons of clothing and toys to the Fairview State Hospital for Mentally Retarded Children in Costa Mesa, as well as many books, recording magazines, playing cards and puzzles to veterans hospitals.

MRS. JULIA HENSEY last year knitted 40 lap robes for veteran paraplegic patients. More than 4,000 cookies were made by volunteers and taken to the veterans and service hospitals, including the Long Beach Veterans Hospital, El Toro Marine Base Hospital and the Navy Hospital Ship USS Haven.

Examples of services provided active service personnel and their families were: Assistance to service personnel and their families by providing reports requested and needed by military authorities. These reports cover verification for emergency leaves and extensions, hardship discharge and reassignment investigations, social histories needed by medical and rehabilitation officers, health, welfare reports and specific reports relative to personal problems.
